

60 type single crystal perc component

Product Specifications -- Product Description Product Description The components use JDSOLAR's innovative single crystal PERC battery technology, which has superior low-irradiation performance and temperature coefficient performance, which improves the power generation and system benefits of the components.

product description type of battery Single crystal Number of cells 60 (6x10) Maximum power 330W Maximum efficiency 20% Junction Box IP67 Maximum system voltage 1000V/1500V DC Operating temperature -40°C~+85°C JDSOLAR Solar achieved 23.6% efficiency with its single-pass passivated emitter contact (PERC) solar cells certified by China National Solar Photovoltaic Products Quality Supervision and Inspection Center (CPVT). Jingao JAM60S09/PR 60 Single Crystal PERC The components use Jingao's innovative single crystal PERC battery technology, which has better low-irradiation performance and temperature coefficient performance, which improves 316.6W!

Leye Photovoltaic 60 pieces of P-type PERC single crystal Recently, Long Ye shares member Le Ye Photovoltaic received the "LR6-60PE-315M" type single crystal module passed TÜV Rheinland's test report, the report shows: based on 60 P type 20.41%! Longi Le Ye set a World Record for Single Crystal Jan 18, –It is understood that Longji Le Ye test for P-type single crystal PERC components, relying on efficient PERC battery technology and component innovation design ideas, to 60 Cells Mono Jdsolar Solar Panel Prices May 19, –The components use JDSOLAR's innovative single crystal PERC battery technology, which has superior low-irradiation performance and temperature 60PCS Mono Perc Solar Panels Jdsolar Solar Modules

Product Description The components use JDSOLAR's innovative single crystal PERC battery technology, which has superior low-irradiation performance and temperature coefficient PERC PV Cells and Components Model:182mm 10BB double-sided high efficiency single crystal PERC battery Front (-): silicon dioxide + blue silicon nitride composite anti-reflection film (PID Free); The front graphic is half P-Type-Perc Component Single Glass 182-78-YXIO SOLAR P-Type-Perc Component Single Glass 182-78 156-piece Half-piece Single Crystal PERC Components580-605W output power range21.6% conversion efficiencyProduct size: 2465mm 60-Cell Mono PERC PV Modules | Peak Sep 17, –Discover our 60-cell monocrystalline PERC PV modules, engineered for maximum power output and reliability in solar technology. Jingao Jingao - JAM60S10/PR - 60 Single Crystal PERC Half Pieces by Jingao Solar Holdings Co., Ltd High-efficiency PERC battery combined with battery cutting half technology, the product has Jingao JAM60S09/PR 60 Single Crystal PERC The components use Jingao's innovative single crystal PERC battery technology, which has better low-irradiation performance and temperature coefficient performance, which improves 60-Cell Mono PERC PV Modules | Peak Efficiency Sep 17, –Discover our 60-cell monocrystalline PERC PV modules, engineered for maximum power output and reliability in solar technology. Jingao Jingao - JAM60S10/PR - 60 Single Crystal PERC Half Pieces by Jingao Solar Holdings Co., Ltd High-efficiency PERC battery combined with battery cutting half technology, the product has
